**RDRMUG CONFIRMS NEW
EXECUTIVE DIRECTOR**

The RDRMUG is pleased to announce that effective November 1, 2021, Mr. Rudy Friesen has commenced his duties as Executive Director for the Group. Rudy is the CAO of the Village of Cremona and will incorporate his commitment to the RDRMUG on a part-time contract basis while maintaining his full-time position with the Village.

Mr. Friesen will be formally introduced to the membership at the December 2, 2021 meeting.

The current Executive Director, Keith Ryder will remain in his position until December 31, 2021. This will provide opportunities for a smooth transfer of information and responsibilities.

**RDRMUG set to welcome NEW
Council/Municipal Representatives.**

After the fall municipal elections and organizational meetings, several new representatives have been appointed to the RDRMUG. We look forward to welcoming all news members with a full orientation at our December 2, 2021 regular meeting.

(Meeting packages and details will be sent prior to meeting)

Please note that an election of Co-Chairs and Executive Committee will take place at our Annual General Meeting in January 2022.

At the same time we want to thank all of the past RDRMUG representatives, some for many years of time, effort and contributions to the Group.

Note: We will invite Alberta Environment and Parks officials to address this item/issue at our December 2, 2021 meeting.

DROUGHT AFTERMATH CONTINUES FOR FARMERS

[CLICK HERE](#) for full story from The Western

The 2021 growing season has ended amid drought that plagued much of the Prairies and experts warn the effects aren't over yet. The Saskatchewan Wheat Development Commission recently released a document detailing post-drought agronomic considerations. They include soil fertility, herbicide carryover and insects
